Participating College Contact Details

I have updated the list of College contacts. At this stage I have at least one email contact at each College. Could you please advise if any additions or alterations need to be made.

Billeting

It remains our intention to billet all visiting players. Paul Lee and Michael Hams are working at securing Billet Families and we are negotiating a process for

having all families secure Working with Children Checks as efficiently as possible. This will be complete prior to the arrival of teams in December.

Transport

We will be transporting teams from Melbourne Airport (Tullamarine) to Sale. I need remind team managers that in order to have teams in Sale and settled prior to the opening mass, we ask that you arrive at Melbourne Airport no later than 1.00pm on Tuesday 9th December.

Likewise, on the return trip home, please consider the three hour drive from Sale to the airport when making you flight bookings.

Carnival Fee

After looking closely at the cost of running the carnival, the committee has set the registration fee at \$250 per player and official. Colleges will be invoiced once team lists are completed later in the year.

Staff Accommodation

There are several accommodation options in Sale. I have arranged specific deals with 3 venues, all of which have an association with the College.

The Draw

Grounds and Umpires are being confirmed and organized. This aspect of the draw will not be available until closer to the Carnival. As previously indicated, the format for the carnival will involve cross over semi finals and then playoff finals on the last day.

Our people will be working with the draw in the coming weeks and it will be published on the Carnival webpage when available.

Requests

There are several pieces of information that are required to run a successful carnival. As information is available, it would be great if it can be forwarded to me by email. The following items will help in the setting up and preparation of various parts of the carnival. If teams could provide these as soon as they are available it would be appreciated.
